NEODAONDAQUAT . . .

Jimmy,
We've had a great life together playing soccer, dippin', drinking, dippin', drinkin', smokin'. Got come up to Clarkson dude and drank, and smoke & dip. But we have to party hearty this summer to get in shape for the college life.

Jim,
This year has been definately the best year of high school ever probably 'cause were getting out of here. Abusing Rachel was cool too on the Road Trip to Brockport! (and many other times since then, no doubt!) Well, take care and have a great time next year and I'll see ocer the summer around, playing golf or something. Later,
Chris (Big Al)

Jimmy,
What a time it was in highschool. It's hard to believe that its all over, this means we will have to party all summer long. I think the best part of highschool was listening to your parents abuse you for being late everyday. Good luck with everything
Dave

Jimmie -
I can't believe it's all over - Spanish, school, H.S. bashes - everything. I can't wait to go to college, though, huh? You are a very wonderful friend, and I will admit you put up ~~a he~~ with a heck of alot with me bugging you all year. I appreciate it. I'm really gonna miss ya James. I'll make cards for you (which I forgot to do this year) and send you one every month. We'll have to get together over the summer and visit each other at school. Bell rang -
Love Chris

Jim -
It was great to have a big senior in my Physics class to give me advice on drinking, partying, etc. You're a cool dude and I know you'll find success and happiness in whatever you ~~do~~ do. Good luck always.
Doug

P.S. How many Physics labs did you actually do this year?

My Darling James.

I have cherished every moment I have spent with, Not only because you are a good drinking buddy but because you are my favorite Irishman. You never fulfilled your obligation as a "head" busboy, I am very disappointed in you. Basketball and Hockey season were the highlights of the year. Well James I'll see you over ~~the~~ summer and at O.B. Hang loose Jim, don't marry anybody who doesn't appreciate Irishman. (Somebody like Mrs L.)

For you, the Class of 1986, this year will mark the culmination of twelve years of schooling in elementary, junior, and senior high school. However, in many ways your education is just beginning. It is our hope that you have learned here many of the skills that will help you to be successful in whatever vocation you select. Your class, in so many ways, has helped Irondequoit High School become a school with which we are all proud to be associated.

We thank you for your contribution both as a class and as individuals. We wish for all of you a happy and successful life.
YOU HAVE MADE A DIFFERENCE.

E. Horrigan

As I enter my second year, I have had the benefit of witnessing a yearly cycle of education at Irondequoit High School. I am impressed by so much of what I have seen: your energy, enthusiasm, ideas, concerns, and friendships.

At the same time that you can be proud of what you have, there is little time to rest, to sit back and simply enjoy what is. With each day new demands surface.

With this in mind, I want to send you out to your next station in life with the awareness that great things continue only through care and attention. As you move on to positions of more and more responsibility, you will need to know that to sustain anything, school, business, or family, you will be required to muster the determination to work through many continuous and challenging events.

I feel confident that you can and will do well as you face the many awaiting challenges and, of course, I wish you much hard earned success.

Last summer, members of the English department rewrote the English curriculum emphasizing writing and thinking skills. Students now write various kinds of papers each year, including expressive, informational, exposition, persuasive and artistic. The English department strengthens communication and thinking skills through the process approach to composition and encourages appreciation and understanding through the evaluation and interpretation of all types of literature. We want all students to leave IHS with the ability to communicate clearly and to explore feelings and ideas.

Students at IHS have been offered a unique opportunity to improve their composition skills. The Writing Academy has ten computers available to students who wish to write, revise and edit their essays. The Friendlywriter software even has a dictionary component which detects misspellings. In addition, Students can discuss papers-in-progress with the English teachers who assist students this center six periods a day and after school.

Social studies should be one of the most important subjects in your life. Whenever you interact with other people, you are using social studies. During the summer of 1985, Mr. George Hammersla traveled to Japan with twenty-four fellow educators to study the people and culture of Japan. The group traversed the island of Japan making stops in the historical cities of Tokyo, Hiroshima, and Osaka.

Mr. Hammersla found the Japanese friendly and courteous. The values of hardwork and achievement are evidenced in their serious approach to education — high school students attend school 240 days a year!

Although rigor and discipline are encouraged, the Japanese still recognize the importance of beauty and nature in sustaining the human spirit. This reverance is displayed in many lovely gardens and temples.

As a result of his experience, Mr. Hammersla has become increasingly aware of the social connections between I.H.S. and its Japanese counterparts and has begun the Japanese exchange club in an effort to explore these connections with Irondequoit students.

This year, the mathematics department, under the direction of Mr. Fred Rossi, has outlined many new plans for the improvement of Mathematics education at I.H.S. The teachers have rewritten the curriculi for high school math courses with an emphasis on practicality and preparation for the future. Along with carrying out inservice programs, they plan to meet the guidelines of the regents action plan and have discussed plans for a testing out procedure. With the addition of a new teacher, the department hopes to improve the quality, of mathematics education, and convince students that "math is where it's at."

Have you seen this?

The science program at IHS is one of the strongest in the nation. A wide variety of subjects from Earth science to a college level physics course, including two new courses: ecological science and astronomy. Since the beginning of last year, four new teachers have been added to improve the system: Mr. Chan, Ms. Bail϶y, Ms. Rosner and Ms. Cooper. No hablo ingles!

Many students at IHS have discovered the excitement and the rewards of being bilingual. We have large numbers of students who have travelled to other countries or who have hosted foreign students in their homes. Many other students are finding opportunities to use their foreign languages here in Rochester and in planning their future. We are delighted with the renewed appreciation of one of educations most classical and human pursuits.

DEDICATION

The class of 1986 recognizes Mr. Dudley Carlson for his devotion and commitment beyond the call of the job, for the contribution he has made to our futures, and most importantly, for making us believe that we can accomplish anything we set out to do.

The senior class dedicates this yearbook to Mr. Carlson in commendation of his outstanding ability and professionalism in the fields of auto mechanics and education.

In twenty-five years of service at I.H.S., Mr. Carlson has consistently provided an exemplary role-model for all his students. He has taught us to fend for ourselves and face the responsibilities of all aspects of life.

Again, we applaud you, Mr. Carlson, for your remarkable commitment and thank you for helping us to see that the future is what we make of it now.

— France — Spain — Finland — Germany — Sweden —

I want to take the chance to thank you,
for everything you gave me,
for what I learned about the country, about you, about the language, and about myself.
This is an unforgettable experience and I'm glad
I did it. I enjoyed it in many ways, it was great.
Again, thank you very much for all who make me a wonderful year.
Take care of yourself.

When I was lost on my first school day,
you showed me the room.
When I felt upset,
you were there to cheer me up.
When I was confused,
you had the patience to explain.
When I had a problem, you were listening.
You showed me the side of America,
where I can say,
I want to come back!
Thanks for being there!
Take care,

I went to America to see a new world
I went to America to learn some new words.
And one day,
I decided to stay.
I played tennis in a club,
I went to eat in a Zab's,
I went swimming,
I went running,
And the life
was very nice.
Sometimes I went to a Fast Food.
And it was so good.
Later, I went to school,
and I was often in a good mood.
I met some good friends,
And I was in good hands.
They helped me for many things.
I should say for everything.
This experience was funny,
And I was very happy.
The exchange students
Have a lot of chances.
I will come back again.
Sometimes, I don't know when,
But now, I want to thank you,
All of you,
For letting me have this great year,
And I will have very good souvenirs.
Thanks a lot,

I came here with a lot of expectations, maybe too many, but so far they have all come true. I came to a great family — the Weber's. Soccer was fun, but we should have won the sectionals. And school was . . . okay. I'll go home with a lot of memories: of U.S.A., school, and so on, but most of all of all of you.

Thanks a lot for being what you are! And if you ever come to Sweden —

To my friends:

I'd like to thank my friends, teachers, and other staff in school. This year has been great to me. My dreams came true. I have had dream to spend year in U.S.A. and you made it true. Everybody has been nice to me and I've got a lot of new friends. When this year is over, you're going to live in my memory forever. And I hope that we can keep in touch after this year.

Special thanks for Irondequoit High School soccer team, hockey team, and our fans. And finally, big, special thanks for my host family "THE POGODAS".

Hi!

When I came to the U.S. last fall, I did not know what was going to happen this year. All the new people and experiences were waiting ahead and I was curious to find out about them. Now I know more and I want to thank you all for helping me out and making this year such a special one. I also want to thank my host family, the Smiths', for understanding, and letting me be a part of their family.

Best wishes for the future to each of you,

Hi Everybody!

My name is Iciar Garcia-Carbonero and I'm an exchange student from Spain.

I came to Rochester in August and I'll probably go back to Spain in July. It has been almost six months since I came here and lots of things have happened: at the beginning it wasn't easy, trying to understand the language ('specially the slang), the people, trying to adjust to the school and the family.

This was hard but somehow I made it and looking back now, I know that the effort was worth it.

That's why I would like to thank my friends, my family, my teachers, the people that helped me out in the hallways, at lunch, etc., and to everybody in general because thanks to you I was able to learn, to adjust to, and to appreciate more the American culture and the Americans.

Thanks to you I've given up my old dreams about America even though part of the myth is broken I'm happy because I've found simple and very nice people.

Thanks again for making this year very special for me. I'll never forget you.

The team would like to thank the tremendous fan support we have had in the last two seasons. It gets us psyched up in the big games and creates the sense of a seventh man on the ice. Without your help, our victorious season may have not been possible. We would especially like to thank Coach Maerz for his time and dedication. We also would like to congratulate him for achieving his 200th win. In our eyes, he is the best coach in the league.

The starting team will cut you up like scissors,
taking all opponents just like prisoners.
Leading the team is the man in the paint.
His name is Bruce Bowes and a bum he ain't.
Then we got the new kid from McQuaid.
He's got a smooth game and super grades.
On the other side, there's Magic Dance
who's left-handed with plenty of sense.
Then we go to the back and find Rob Mee
who was born with a jump-shot and electrifying speed.
Bringing up the ball is my man all world.
He used to be David Walker and now he's just the Pearl.
Coming off the bench we got a guy named Grizzly who hasn't shaved since it rained in Italy.
If Dence ever happens to go down lame,
there's no worry, just throw Buck in the game.
There's a big young fellow new to the group.
Call him oceanography or just call him Soup.
Give respect, if you please,
to a slammin' bucket, but call him Cheese.
Next on the team there is David Beihler
who's not really a b-ball man, but a girl-stealer.
After being sent out with a fractured hand,
Paco's still cook 'cause he's the main man.
Hanging around and helping the coach out,
we got Woodlow, was there ever a doubt.
Since I'm on the team and the author of this song,
not to talk about me would be wrong.
I play guard position with a certain flair;
a mixture of Johny Dawkins and Antoine Joubert.

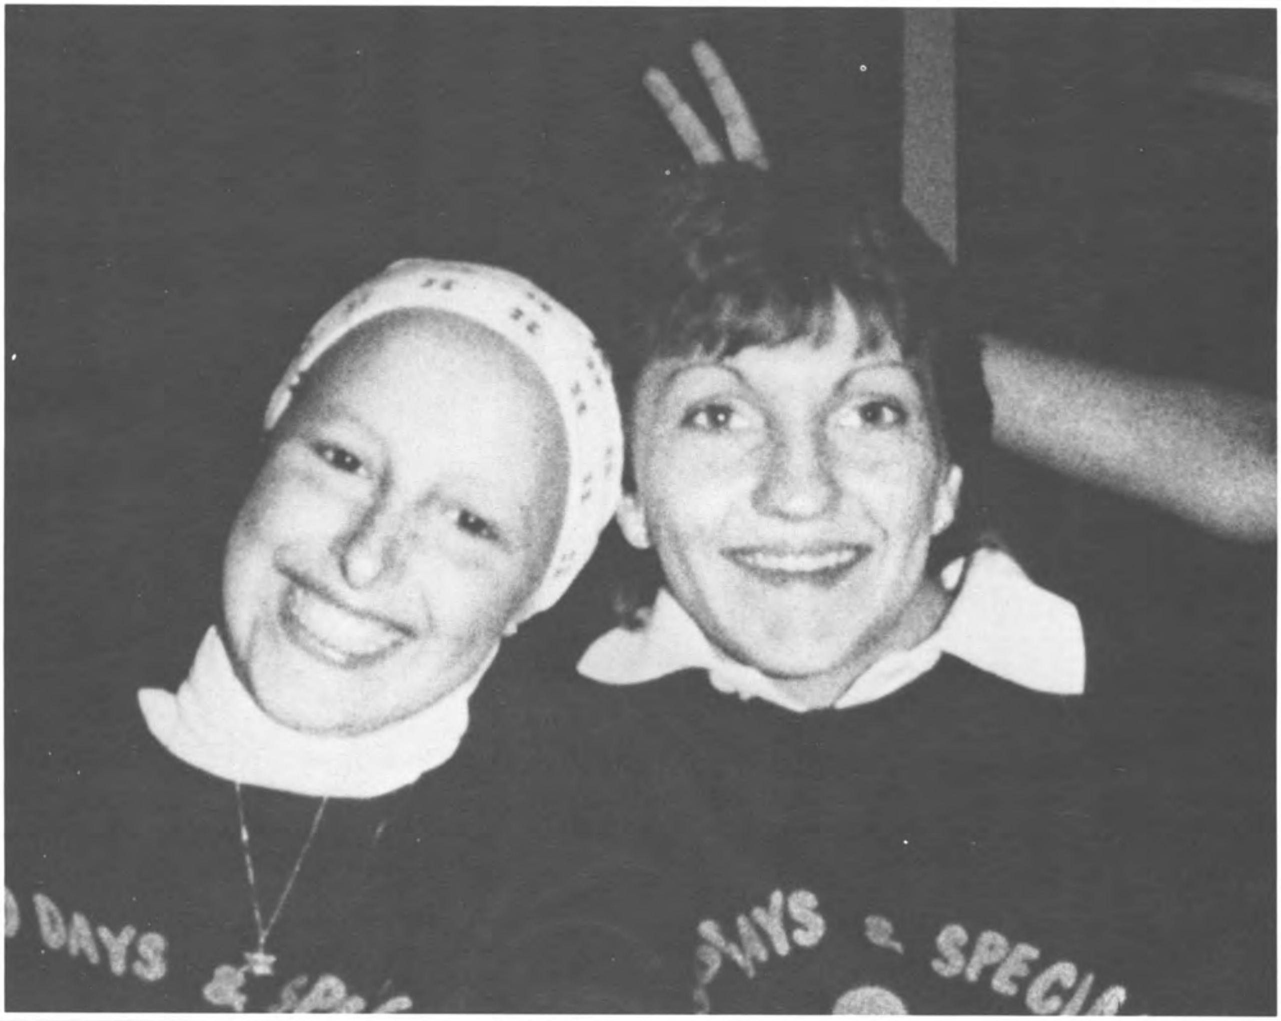
Gail Kravetz



At times during our lives, God sends us someone who loves deeply. Gail had the ability to find goodness in everyone. Her vitality and zest for life are not often found; however, it is too often taken for granted. Gail's illness caused her to miss a lot of school, so many people never got the chance to know her. Gail's life was full of love. That love will last forever, for it touched the hearts of many with the warmth and sincerity that was so much a part of her. Now is a special time to thank God for sending Gail to us. At the same time, we say "Thank you Gail, for being you."

"Get your hand off my knee Sam."

Shaunagh Guinness:
True happiness is to be found in giving love and giving of yourself and striving to be a thoughtful, caring person. This is what true success is. I think you are a happy, successful daughter.

Love and prayers always,

Mom

Jim Conners:
Congratulations James P. Connors, who scores last to make it 7 wins and no loses.

Love, Mom and Dad

Dave Bell:
You've done great, Dave! Best of luck in your future.

Love, Mom, Dad, Lisa and Doug

Brig: hands across the water,
we will miss our daughter.
Having you was lots of fun,
sad to say your stay is done.

Love, The Robinsons

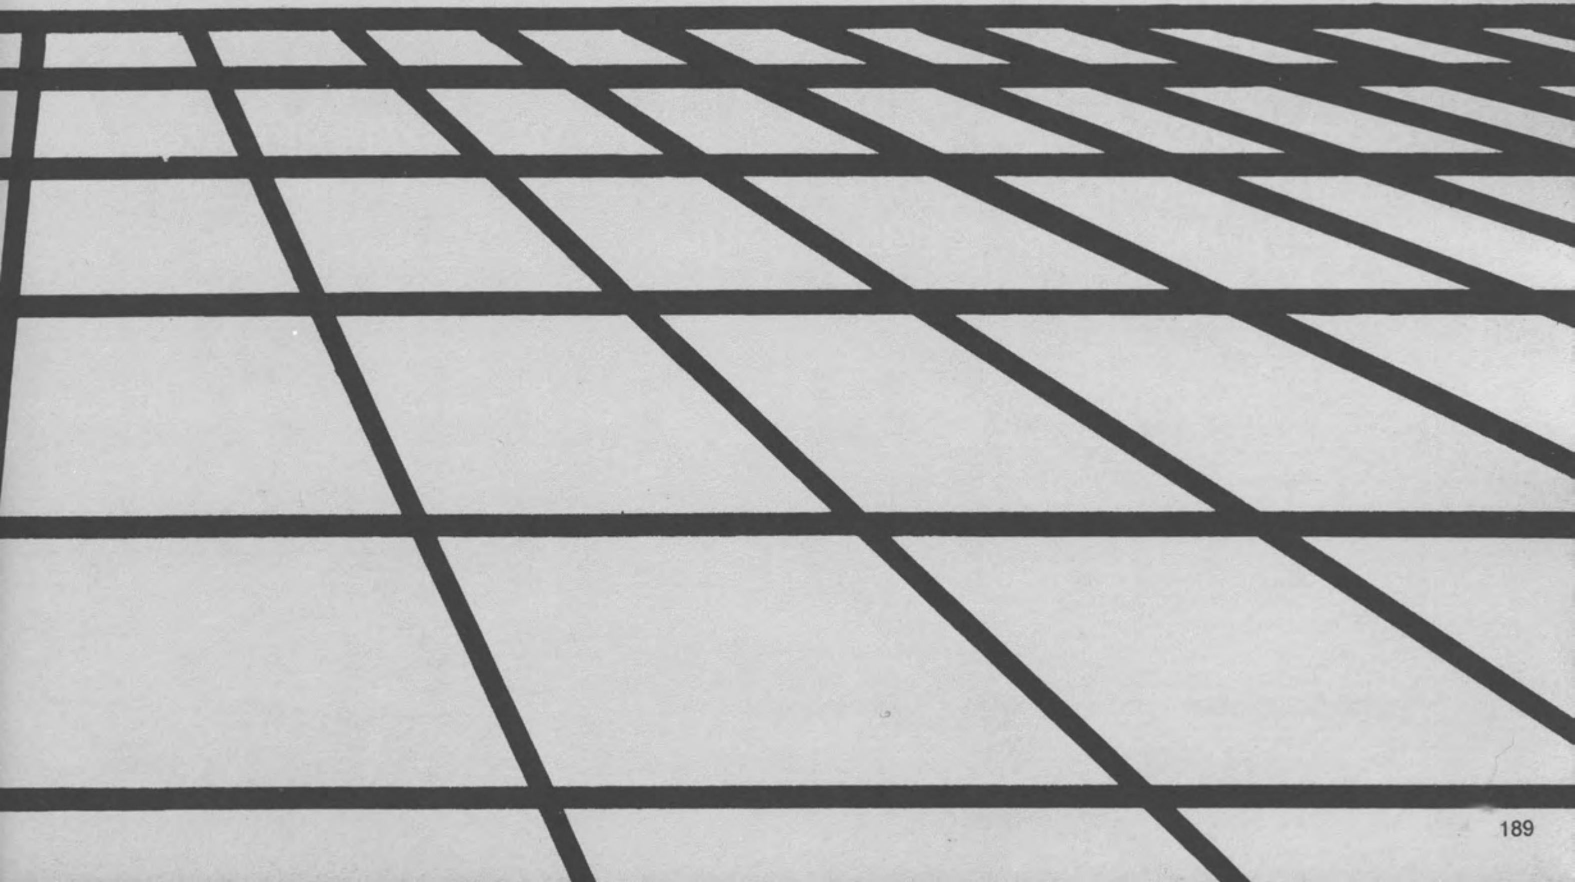
CLOSING



Memory

Midnight. Not a sound from the pavement.
Has the moon lost her memory?
She is smiling alone.
In the lamplight the withered leaves collect at my feet and the wind begins to moan.
Memory. All alone in the moonlight I can smile at the old days, I was beautiful then. I remember the time I knew what happiness was, let the memory live again.
Every street lamp seems to beat a fatalistic warning.
Someone mutters and a street lamp gutters and soon it will be morning daylight.
I must wait for the sunrise, I must think of a new life and I mustn't give in. When the dawn comes tonight will be a memory too and a new day will begin.
Burnt out ends of smoky days, the stale cold smell of morning, the street lamp dies another night is over, another day is dawning. Touch me. It's so easy to leave me all alone with the memory of my days in the sun. If you touch me you'll understand what happiness is. Look a new day has begun.

From The Musical Cats

LOOKING BACK WITH US

Time may pass and space may separate us, but distance cannot alter feelings and trust between true friends . . .

The tree sways back and forth
like the many faces in the crowd.
It moves in the direction of the wind
unable to make its own decision
dependant upon other forces
for without the wind it stands still
as does the person with no friends.
It allows the birds to nest on its branches
giving the squirrels a place to play
the tree allows them to do as they wish
the same as the person who is being laughed at.
Unable to play with them
and when its demise arrives
it is left alone, for
No One Cares.

Follow You, Follow Me

Stay with me, my love,
I hope you'll always be,
Right here by my side,
If ever I need you,
Oh, my love, in your arms,
I feel so safe and so secure,
and everyday is such a perfect day,
To spend all all alone with you
I will follow you, will you follow me
All the days and nights that we know will be
I will stay with you, will you stay with me
Just one single tear in this passing year.

By Genesis

awwww

The best of times
Are when I'm alone with you
Some rain some shine
Will make this a world for two
All memories of yesterday will last a lifetime
We'll take the best
Forget the rest
And someday we'll find
These are the best of times
These are the best of times

"You Might Recall"

What was it you said to me
Back in the days when things looked fine
About how we would be together
Until we left it all behind . . .

Or maybe when we're older
And thinking of the past,
You might recall.

It is a rare and special thing to find a friend who will remain a friend forever
By
Ruth Langdon Morgan

Break tradition.

Live it to the limit

To you, my friends, as we go our separate ways at the end of this year. You have all given me so much. You have taught me about life, happiness, sadness, pain, honesty, trust, hope, fear, and love. I will never be able to repay the things you've done for me. You've given of yourselves and by sharing with me I have come to know you. You have cared and yet were not afraid to tell me when I was wrong. We've laughed until we've cried and cried until we've laughed. You have all become pieces of me and the memories I have of our time together will never be forgotten. No matter where our individual paths may lead I have faith that the bonds we've made will bring us back together. We will have new experiences to share and many stories to tell. There is no way for me to tell you how much I will always love you. You will always find a friend in me.

SPECIAL KIND OF PERSON

A special kind of person is unique
And is once in a lifetime thing
When you find one it is the first of many special days.
They understand by laughing, caring, and sharing
Also knowing what to say and when to say it
And always setting time aside to listen
When with a special kind of person, time slows
But when slowed it is enjoyed to the fullest
A minute spent with them is time enough to lift your day.
They make your past feel better and your future feel brighter
Once one enters your life you will never forget
A special kind of person!

At last

Friendship defies age
and ignores distance.
It weathers the hard times
and shares the good
Together we have found this.
Our friendship has provided
acceptance
and understanding in a world
that pushes people apart.
But I will always remain
with the memories
of the times we have shared
knowing how fortunate I am
to be able to call you my friend

By

Cindy Yrun

You've got what it takes.

The moment of truth.

Because friendship is a communication of love, therefore where love is not mutual, there can be no friendship.

We begin to realize now
how these years have seemed to fly.
Soon we will all be gone
and now we must say good-bye.
We'll shed some tears of sadness
as we go our separate ways.
We'll shed some tears of laughter
for all those happy days.
Our friends along the way
we could never replace.
They were always there to help us through
no matter what the case.
We leave each other now
forever, it always seems.
Everyone on their own
reaching for their dreams.

Celebrate

If you're lost you can look — and you will find me
Time after time
If you fall I will catch you — I'll be waiting
Time after time

After my picture fades and the darkness has turned gray
Watching through windows — you're wondering
If I'm O.K.
Secrets stolen from deep inside
The drum beats out of time —

Nature is our
greatest source.
Within it we find our
greatest strength.

Day Is Done By: Chris Wrona
Cottony clouds floating in baby-blue skies
A golden sunset shining in my eyes
Emerald leaves not ready to turn
But the sun rays give a look of burn
With hues of purple, mauve, and gold, the sky is painted
The rays of sunset are slightly fainted
The trees are silhouetted against the sunset
And all the creatures lay down to rest.

made just for us!

One more night
One more night, one more night,
I've been tryin' for so long to let you know,
Let you know how I feel,
And if I stumble and if I fall,
Just hold me back, so I can make you see
Please give me one more night,
Give me just one more night,
Oh, one more night 'cause I can't wait forever,
Give me just one more night,
Give me just one more night,'
Oh, one more night 'cause I can't wait forever.
And I've been sittin' here so long,
Wastin' time, just starin' at the phone,
And I was wonderin' should I call you,
But than I thought, maybe you're not alone
Give me one more night,
Give me just one more night,
Oh, one more night 'cause I can't wait forever
Like a river to the sea,
I will always be with you,
And if you sail away,
I will follow you,
Give me one more night
Give me just one more night
Oh, one more night 'cause I can't wait forever
I know there'll never be a time,
You'll ever feel the same,
And I know it's only words,
But if you change your mind,
You'll know that I'll be here
And maybe we both can learn
Please give me one more night
Give me just one more night
Oh, one more night 'cause I can't wait forever
Give me just one more night
Give me just one more night
Oh, one more night 'cause I can't wait forever

"Aaaaahhh...

School Halls "1986" By: Larisa Iwasiw
As we walk
Down the everlasting halls
Our minds do wander
And our future calls
The past is now a memory
One that will be cherished
Throughout our present and our future
Memories will never perish
Memories of friends
Of our taught education
Of our experiences
And our determination
The papers worked so hard on
Now shuffle beneath our feet
We have our tears and our fears
And in hopes that we will again meet.

You've come a long way, baby.

"HOW TO COPE"

"Stairway to Heaven"

There's a lady who's sure all that
Glitters is gold,
And she's buying a stairway to heaven.
And when she gets there she knows
If the stores are closed,
With a word she can get what she came for.
There's a sign on the wall
But she wants to be sure
Cause you know sometimes words have
Two meanings.
In a tree by the brook there's a songbird
Who sings sometimes
All of our thoughts are misgiven.
There's a feeling I get when I look
To the West
And my spirit is crying for leaving.
In my thoughts I have seen rings of smoke
Through the trees
And the voices of those who stand looking.
And it's whispered that soon if we all
Call the tune,
Then the piper will lead us to reason,
And a new day will dawn for those
Who stand long,
And the forests will echo with laughter.
And it makes me wonder.
If there's a bustle in your hedgerow
Don't be alarmed now.
It's just a spring clean for the May Queen.
Yes there are two paths you can go by,
But in the long run,
There's still time to change the road you're on.
Your head is humming and it won't go — in case you
don't know,
The pipers calling you to join him.
Dear lady can you hear the wind blow,
And did you know
Your stairway lies on the whispering wind.

And as we wind down the road
Our shadows taller than our soul
There walks a lady we all know
Who shines white light and wants to show
How everything still turns to gold.
And if you listen very hard
The tune will come to you at last
When all are one and one is all
To be a rock and not to roll.
Led Zeppelin

IMAGINE

IMAGINE that I was the president of the United States
IMAGINE me in a white robe walking through those pearly gates
IMAGINE me being a movie star
IMAGINE me in a jail cell counting the stars
IMAGINE me as the head of my own corporation
IMAGINE me being the leader of a racial demonstration
IMAGINE me being called the selfish and jealous one
IMAGINE me and the world coming together as one to help everyone
By
Keishia Spinks

To be nobody — but yourself — in a world that is doing its best, night and day, to make you everybody else — means to fight the hardest battle which any human being can fight.

America's Best.

I've seen fire and I've seen rain. I've seen sunny days that I thought would never end. I've seen lonely times when I could not find a friend, but I always thought I could see you again . . .

Expect the unexpected.

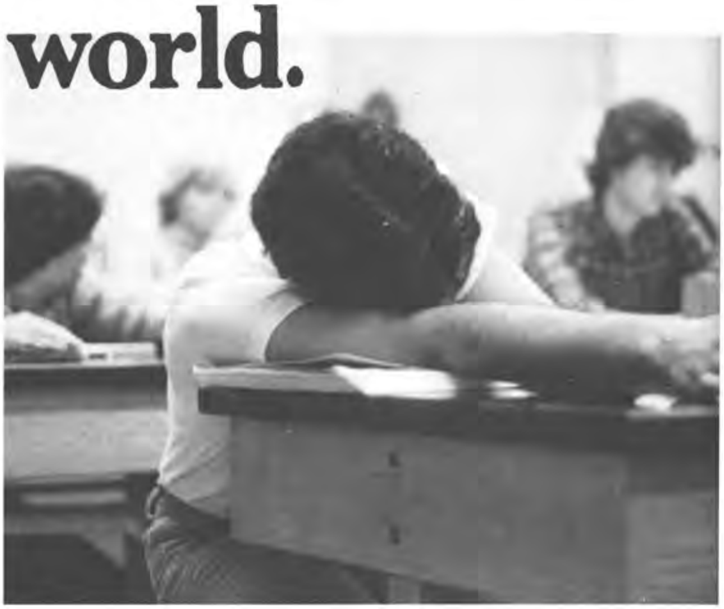
THE FUTURE

Just A Day Away (Forever Tomorrow)
There's a beautiful sight, you know they call it tomorrow.
It's the most beautiful sight, that you'll ever see.
I know it's only a day away, and it's always in the future
But it's that something to look forward to, that brings me closer to you.
Do you remember the time, we said we'd love until forever
Till all the stars in the sky, dropped one by one into the sea.
I know forever's just a day away, and it's always in the future
But it's that something to look forward to, that brings me closer to you.
I know it's only a day away, we'll make love until the morning light.
We'll hold each other tight, until tomorrow comes.
I know it's only a day away, but it's always in the future.
This time you know I'll stay, holding you closer to me.
Oh I know it's just a day away, and it's always in the future . . .

The possibilities are endless

It's a whole new world.

I'll Miss You By: Larisa Iwasiw
I feel a little sad today,
and I don't know why . . .
Maybe it's because
I'll be here,
and you'll seem so far away.
I won't be able to call you up
like I do today
or just drop in to say "hello"
and talk about the day.
I guess what I'm saying
is that
I'll miss you,
I really will!
And it's kind of nice . . .
thinking that you
might be missing me, too.



A New Start
I can't erase the things I've done
There is no place left to run
Life is hard but it goes on
The times of the past are forever gone
I can no longer sit and dwell
I have to leave my lonely shell
Go on with my life and start anew
Live my days as if they were my last
Without looking back, and forget the past.

BE ALL YOU CAN BE.

E START OF SOMETHING BIG

The friendships which last are those wherein each friend respects the other's dignity to the point of not really wanting anything from him.

You don't get to choose how you're going to die. Or when.
You can only decide how you're going to live.

enjoy going first class.

The Dream

A dream . . . A hope, A desire, A notion
A feeling that can expand as far as
you want it to,
And terminate at your command
alone
A struggle for peace and tranquility
to conquer and rise above all evils
leaving nothing but goodness
behind
An achievement you strive for, and
complete in the end
And ultimate goal
An idea too brilliant to let anyone
else know of its existence
An expectation to make the most of
whatever you have
And not let anyone hold you
back
A secret buried within your mind
An awe for the moon, the sun, the
stars and the universe
For wisdom and pregression
for fame and fortune
for love and honor
Because when all that you have is
taken away
the only thing left is
a dream.

GOING FOR THE GOLD

Dreams By: Larisa Iwasiw
I look to the sky
It's a lonely sight
I look again
It turns beautiful to night
The stars come out
The moon is my friend
The sun is gone now
Will it come again?
I sometimes wonder,
as I look to the darkness lit up by sparks,
if the next day will see me through my life
or if this day will come after dark
What will become of me
I ask the moon
The stars are my answer
They say I will know soon
To reach, for I want
to open my dreams
to open my doors
and see what it brings
The day does come
as the rising sun
says goodbye to the stars
that told me what must be done
Now I look to the sky
No loneliness shows
for my life is a future
and that future holds . . .
my dreams.

CAPTURE THE SPIRIT

Jim,
I think
you & I need
to turn over a new
leaf. I do not really
hate you. You're an O.K.
kind of guy. I'll probably see
you over the summer so we will
have a chance to begin again. Good
Luck next year!
your pal,
Chris Smith

Jim Baby!

This has been quite a year For the old Schwanz. (Yours and mine) You're quite The party animal, or so I hear. (I never quite witnessed the obscene acts that were committed upon you.) All the success in the world At college, Do great in journalism, become another Andy Rooney - just Don't mock out hangars. You've been a true Friend from Seneca kickball to INDOOR Lax. Give me your address and I'll tell you how ~~not~~ much those Fighting Irish chicks really Fight.

Happy Graduation,
Good Luck,
The Human Schwanz
Jeffrey L. Glazer

Jim,
We're finally out of
this place. Four long years
of high-school. The only good things
were finding out where the next party
was. Somehow you made it. At most times
you're living on the edge. Soccer was pretty good
this year. I know you'll miss the laps in the hot sun.
Good luck in the future. I know our paths will cross
this summer (probably at the beer line)
Richard

Jim, SKOAL BROTHER

WELL, HERE AND GONE

Jimbo,
I remember back in fourth and
fifth grade when we played soccer
together. You probably don't remember
at all but I do. It's a small world
to be good friends w/ you now.
I always wanted to be friends and
I'm glad we were. It was fun to drink one
with you since you were the only one
who could try. Have a good summer
Pete

Jimbo,
Journalism was a lot of fun
this year and I'm glad we got
to be such good friends. I'll
never forget our little blurtations
but I still think you got to give
up the dipping!!! I hope we
see each other over the
summer. You better stay away
from the "hoovers" + female
rapists of the world! Have
a wonderful summer and
take care of yourself!
Love,
~Allyson
